

HARI KRISHNA POLAVARAPU

Visakhapatnam, India | 9490623178 | hkpolax13@gmail.com

EDUCATION

Anil Neerukonda Institute of Technology and Sciences (ANITS), Visakhapatnam | *B.Tech, Mechanical Engineering* 3rd Year (2024-2028)

Mechanical Engineering student with hands-on industrial internship experience, EV prototype development and an award-winning autonomous robotics project, backed by growing exposure to AI-assisted digital tools.

INTERNSHIP EXPERIENCE

Hindustan Coca-Cola Beverages (HCCB) | *Summer Intern, Chennai* [May,2026]

- Secured an industrial internship at a large-scale beverage manufacturing company during 2nd year, gaining early hands-on exposure to plant operations.
- Worked across Maintenance, Production and Total Productive Maintenance (TPM), building a practical understanding of manufacturing and industrial operations.

EV Saksham Program, Capabl India | *Mechanical Team Member* [March,2026]

- Designed and built an electric vehicle prototype as part of a team, applying CAD fundamentals to a real mobility challenge.
- Carried out hands-on fabrication work including welding, drilling and mechanical assembly to bring the prototype to completion.

ENGINEERING & INNOVATION PROJECTS

AGRO-V4 — Autonomous Agricultural Robot | *Engineering Project, ANITS* [January,2026]

- Built an autonomous robotics prototype for an agricultural application as part of a project team; won 2nd Prize at a technology/innovation competition ([ADD EVENT NAME]).

Smart Helmet for Bike Riders | *Ongoing Academic / Design Thinking Project, ANITS* [September,2024]

- Leading a 6-member team over a 4-month cycle to design a smart helmet with helmet-wear detection, accident detection and SOS emergency alerting.

Portfolio Website & AI Well-Being Project | *Independent, AI-Assisted Development* [May,2025]

- Building a personal portfolio website and a digital well-being project using AI-assisted development tools (Cursor, VS Code, Firebase, Supabase, Lovable), covering rapid prototyping and basic UI/UX implementation.

LEADERSHIP EXPERIENCE

Entrepreneurship Cell (E-Cell), ANITS | *Core Team Member* [July 2025-26]

- Contributed to entrepreneurship-focused events, sponsorships and partnerships, supporting startup-ecosystem engagement on campus.

AIESEC, Visakhapatnam | *Business Development & Sponsorship* [July 2026]

- Handled business development, sponsorship and partnership outreach; contributed to organizing the Women Leadership Summit featuring speakers Poorna Malavath, Abhignya Vuthuluru and Dr. Monica Anand.

SKILLS

Mechanical & Engineering: CAD Exposure, Fabrication, Welding, Mechanical Assembly, Prototyping, Manufacturing Fundamentals, TPM, Maintenance & Production Exposure

Business & Leadership: Sponsorship & Partnerships, Event Management, Budget Planning, Fundraising, Business Development, Stakeholder Management, Public Relations, Networking, Team Coordination

Digital & AI Tools: AI-Assisted Development, Cursor, VS Code, Firebase, Supabase, Lovable, Rapid Prototyping, Basic UI/UX Implementation

LANGUAGES

English, Telugu, Hindi
